Corangamite Shire Advocacy

On 19 and 20 March Mayor Kate Makin, Deputy Mayor Laurie Hickey and Chief Executive Officer David Rae met with key leaders at the Parliament of Victoria to advocate for the Corangamite Shire.

Issues raised included: the importance of our farming industry and the impacts of competing land uses; biosecurity for eg bird flu outbreaks; Emergency Services Volunteer Fund Levy (importance of spending it where it is raised); the shortage of housing in Corangamite for attracting essential workers; information on how the 12 Apostles Precinct Development would benefit the local economy and community; the Council's Early Years Services; Mental Health Services; and investment in State managed and owned roads.

Tackling local crime: the increased police presence is valued, and the recovery of property and arrests. The community can further assist by being vigilant.

We can observe & note unusual activities such as people we don't know wandering on property or suspected drug dealing (people frequently coming & going from a house or vehicle) Report Incidents to the police, this is crucial. We can be anonymous on crime-stoppers, we can phone in a report to our local officers or report an immediate event on 000). Installing security cameras or spotlights and labelling

A Community Volunteer Organisation

Lismore Progress Association acknowledges and pays respects to the Wadawurrung people, the traditional custodians of the unceded lands where we live and work. We extend this respect to all First Nations Elders and people past, present and future.

Always was, always will be.

Coffee and Cars
Fairway Café /Golf Club Morning of last Sunday each

The past 12 months have been the driest on record for South West Victoria. This is causing more leaks and bursts due to movements in the soil.

With nearly 2,000 kilometres of water mains our crews respond to issues as quickly as possible to minimise interruptions for our customers.

Reactive soils such as clay shrink when they lose moisture - putting more pressure on our pipes.

2024 saw 207 leaks and bursts on water mains, valves and fire plugs - 80 per cent more than in 2023.

Our teams work year-round on renewal programs to ensure our systems are reliable.

Please report any water leaks or bursts by calling our 24-hour hotline 1300 926 666.

Dry weather is impacting gravel road maintenance

Corangamite Shire's Works Team are looking forward to more moisture in the Shire's gravel roads. "You need moisture in road materials so it can be compacted and set at the right density," Manager Works and Services Lyall Bond said. "We've been applying a lot of water with water trucks working with graders but the roads are just so dry after months of low rainfall. The work continues to be a challenge" "So, the community will see spot grading and water trucks on roads until we receive good rains. While our annual maintenance program is also contingent on moisture, we're still actively working on key areas to improve roads where appropriate."

Bureau of Meteorology data shows 2024 was the fifth driest year in the Corangamite region since records began in 1900 and the start of 2025 has remained below average.
